

**DESIGNATED PLACES FOR SECTION 515 NEW CONSTRUCTION APPLICATIONS  
FISCAL YEAR 2006  
STATE: MONTANA**

Places on this list are considered equal, with no regard to their order on the ranking list, nor does inclusion on this list indicate that a need or demand for Section 515 housing has been established. A Market Study, or at minimum a Market Survey (less than 12 units), must be completed for determination of need. Communities selected have a three (3) year designation. These communities are “grand-fathered” and will remain on the DPL until they have completed their 3-year cycle regardless of their ranking on the new State Place List, unless the community experiences a build and fill condition subsequent to being placed on the DPL. Eligible rural places must meet the minimum 250 household threshold and must not have any “build and fill” conditions. All seven recognized Indian Reservations (and incorporated communities) and counties designated as Underserved are eligible for Section 515 funding. Those communities marked with an (\*) are in their third year and will be taken off during FY2007.

Applications for Section 515 new construction loans may be selected for the following places:
